

## **Press Release**

For immediate release: 26 May 2008

### **Board change at Ikon Science Dr. Angus McCoss appointed non-Executive Director**

Ikon Science, the fast-growing provider of innovative technology and services for the oil and gas industry, is pleased to announce the appointment of Dr Angus McCoss as a non executive Director.

A geologist, Dr. McCoss is Exploration Director of FTSE 100 listed independent Tullow Oil plc. Prior to joining Tullow Oil in 2006, Dr McCoss gained wide-ranging exploration experience working primarily for Shell in Africa, Europe, China South America and the Middle East.

Martyn Millwood Hargrave, Managing Director of Ikon Science, said:

‘We are very pleased to welcome Dr McCoss to Ikon Science. His extensive international exploration experience will prove invaluable to the Board as we seek to grow our business and client offering.’

Dr Angus McCoss commenting on his appointment said:

‘Tullow Oil has been a supporter and user of Ikon Science’s exploration technology and services for a number of years and having been impressed by the culture and enthusiasm of the Ikon team I am delighted to be able to contribute as a non-executive Director to the Company’s future.’

The full Ikon Science Ltd board is now composed as follows:

Dr. Peter Dolan - Non Executive Chairman  
Martyn Millwood Hargrave – Managing Director  
Paul O’Brien - Executive Director Sales, Marketing and Software  
Andrew Paxton – Executive Director Finance  
Mick Lambert – Executive Director and President, Ikon Science Americas Inc  
Alan Walmsley - Company secretary  
Dr. Andrew Armour - Non Executive Director  
Tom Hickey - Non Executive Director  
Tony Alves - Non Executive Director  
Henry Sallitt – Non Executive Director  
Dr Angus McCoss – Non Executive Director

**Notes to editors**

**Ikon Science Ltd**

Ikon Science develops software, tools and services to help oil and gas exploration professionals interpret subsurface data quantitatively, to assess exploration and production risks and opportunities. RokDoc software is in global use with over 50 Oil Companies and Service organisations and Ikon Science provides quantitative Interpretation services and training to over 100 Oil Companies throughout the world. Ikon Science, founded in 2001, employs over 80 people and has offices in London, Durham, Edinburgh, Houston, Boulder, Kuala Lumpur and Perth, Australia. The company is privately owned and counts Tullow Oil plc and Fleming family partners (FFandP) as shareholders.
